INSTRUCTIONS AND RULES:

Teams consist of no more than 5 people and must stick together at all times. There are a lot of clues here. Almost certainly more than you can solve! Just try to get as many as possible, and don't be frustrated if some of the clues seem pretty hard. They're probably hard for the other teams too! But keep your eyes open at all times. You never know when you'll stumble across an answer unexpectedly! Each of the clues are grouped by the area in which they appear. Some clues are harder than others! Hard ones are worth two points.

There are several types of questions. Questions marked with a (P) require you to take a picture of the thing we describe (Please only take pictures of the clues requiring pictures). Questions with a blank require you to write the answer on your sheet.

- You must make it to **Cattivo** (146 44th St) to turn in your answer sheet between 3:00 and 3:30pm.
- Be sure your Team Name is written on your answer sheet
- Please review your photos so that only clues requiring pictures are included; Extraneous pictures may cause you to lose points
- Upon arriving at Cattivo, ONE member of your team will need to visit the three scoring stations, in any order:
 - o Station 1 will check your written answers
 - o Station 2 will check your photos and challenges.
 - o Station 3 will upload your pictures
- We will tally the scores as quickly as possible, show the photos, and announce the winners!
